**<input type="text" id="username" style="width:90%; padding:5px;"><br><br>**

**<span>Password:</span><br>**

**<input type="password" id="password" style="width:90%; padding:5px;"><br><br>**

**<input type="submit" value="Signup"**

**style="background-color:lightgreen; padding:8px 20px; border:none;">**

**</form>**

**<p style="margin-top:10px;">**

Already have an account?

[<a href="login.html" style="color:blue; font-weight:bold;">](login.html)

Login here

</a>

</p>

</center>

<script>

function signupUser() {

var name = document.getElementById("name").value;

var email = document.getElementById("email").value;

var user = document.getElementById("username").value;

var pass = document.getElementById("password").value;

if (name === "" || email === "" || user === "" || pass === "") {

alert("Please fill all fields");

return false;

}

localStorage.setItem("username", user);

localStorage.setItem("password", pass);

```
    alert("Signup successful! Please login.");
    window.location.href = "login.html";
    return false;
}
</script>

</body>
</html>
```

**OUTPUT :**

The screenshot displays a web page for an "Online Art Gallery". At the top, a yellow banner contains the text "Online Art Gallery" in a dark blue, serif font. Below this banner, the word "Signup" is centered in a purple, serif font. The main content is a white rectangular form with a black border. Inside the form, there are four input fields, each preceded by a label: "Name:", "Email:", "Username:", and "Password:". Below these fields is a green button with the text "Signup" in white. At the bottom of the form, there is a link that says "Already have an account? [Login here](#)". The entire form is centered on a light purple background.
